

We have changed the eligibility collection process. Essentially, we are collecting the eligibility a few days earlier to give the participants a “heads up” prior to the Tuesday. Here is how the eligibility will be collected:

Eligibility will be collected on Thursdays. If a student is failing or has an incomplete in any class on a Thursday, he/she will have until the following Tuesday to improve the grade to passing. If the student doesn't improve the grade to passing, the student will be ineligible from that Tuesday until the next Tuesday (one week). If an event falls on a Monday or Tuesday, the eligibility status of the student on the previous Tuesday will determine eligibility. If a student is failing two or more classes on Thursday, he/she is ineligible for one week.

*(Grades are the responsibility of the student. It is not the responsibility of any GVHS faculty member to offer extra credit or extend their duties to insure a student's eligibility.)*

Any student that begins the season ineligible due to Colorado High School Activities Association (CHSAA) requirements may become eligible at the beginning of a new semester, on the sixth Thursday following Labor Day for the first semester, or on the Friday immediately prior to March 10th for the second semester provided his/her grades are passing. All eligibility decisions must be within those guidelines set by CHSAA.
